

WE WANT YOU!

VOLTSTORAGE IS SEARCHING FOR TALENTS
WILLING TO CHANGE THE WORLD.

MECHANICAL ENGINEER (M/F)

WHAT WE DO

VoltStorage GmbH is a Munich Startup and develops environment friendly, safe and durable battery storage systems for private homes. Our vision is to make renewable energy available 24/7 for everyone.

YOUR ROLE

As a key player in our engineering team you will take a big responsibility in the product development mechanical system of the VoltStorage Battery. You'll be working closely with electrical engineers and the management to create the best possible product with an appealing customer experience.

YOUR RESPONSIBILITIES

- You will be carrying out new product development from conception to implementation.
- You adapt to changes quick.
- You make sure to deliver results that will boost our business on time.
- You are ambitious and want to grow into a lead/ senior developer role rather sooner than later.
- You design the mechanical parts needed for our storage system and bring them to manufacturing.
- You stay in touch with suppliers and will be in charge of quality control and design for manufacturing.
- You provide creative input and support the general development of the company.
- We are a startup - expect to work on a whole range of other related projects, that have not been touched yet.

WHAT YOU BRING

First of all, you should be passionate about our values – communication, creativity, sustainability, authenticity - and our vision to make renewables available 24/7 and to enable new possibilities everywhere. That's what it's all about! Other than that, we'd really like it if you bring us the following:

- 3+ years of experience as mechanical engineer
- Experiences in 3D-CAD (Autodesk Inventor) and FEA- as well as CFD-analysis
- A creative and hands-on mindset
- Wide knowledge of manufacturing technologies with all pros and cons
- You know how to design products to make them ready for manufacturing
- Good communication and collaboration skills
- Ability to work under time pressure and to get things done
- As you read until here, it seems you can also handle solid business communications in English.

WE WANT YOU!

VOLTSTORAGE IS SEARCHING FOR TALENTS
WILLING TO CHANGE THE WORLD.

WHAT WE OFFER

- A highly vibrant set of people
- Space for your own ideas in a dynamic, dedicated and motivating environment
- Competitive salary & attractive stock options
- A creative workspace in central Munich
- Healthy snacks and drinks (incl. great coffee)
- No yoga sessions yet (we might grow into that later)

Would you like to learn more about the vision of VoltStorage, then please provide a short cover letter with a clear motivation on why you want to work for VoltStorage! Also, show us some of your projects you are proud of.
